From the Newsletter Staff

With this issue, we are saying goodbye until the Fall. We planned to have 6 issues during the year. Four issues in Spring and early Summer because so much is happening. One issue in the Fall to wrap up Summer and One issue in Winter to keep you posted on progress.

From the Executive Committee

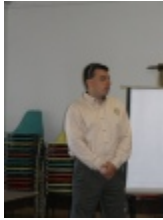

The Executive Committee has targeted the Lighthouse as the prime area for the first restoration efforts. The top priority is the immediate needs both inside and out, to insure the safety of our visitors as well as longevity of the Tower's life. It has been disappointing not to be able to allow visitors to ascend the tower due to the lack of handrails. Money is being raised now and the Maine Historic Preservation folks will be giving us guidance as to how to accomplish the improvements necessary. We are happy to report that our island tours are underway. Our very first visitor was a descendent of [Keeper Edwin Tarbox](#) 1865-1872. (For more information click here on [TOURS](#).)
